

## Procedure for the Submission of the full paper

- 1) Sign up and go to your account

The screenshot shows the website header for the EuroDrying'2019 7th European Drying Conference at Politecnico di Torino, Italy, from July 10-12, 2019. On the left, a navigation menu includes 'Your account', 'Abstract / Full Paper', 'Registration form (conference fee payment)', and 'Hotel booking'. The 'Abstract / Full Paper' option is circled in red. Below the menu is the 'Meeting Secretariat' logo for AXEA. The main content area is titled 'Your account' and contains a welcome message to Antonello A. Barresi and a prompt to select a choice on the left. A 'Log out' link is visible in the top right corner.

- 2) Select “Abstract/Full paper” on the left column: the list of the submitted abstract will appear

This screenshot shows the 'Abstract / Full Paper Step 1' page. The left navigation menu is identical to the previous screenshot, but 'Abstract / Full Paper' is now selected. The main content area, titled 'Abstract / Full Paper Step 1', lists 'Your abstracts'. Two entries are shown: one with code 119 titled 'IMAGE SEGMENTATION APPLIED TO THE INVESTIGATION OF CRAQUELURE DOMAINS IN PAINTINGS' and another with code 135 titled 'PAPER submission Barresi'. The code numbers are circled in blue. To the right of each entry is a link labeled 'Abstract/Full paper pdf', with the second one circled in red. A note at the bottom states: 'An additional registration must be made to submit additional abstract(s), as each registration entitles to the submission of maximum 2 abstracts.'

- 3) Please note that on the screen the **code number** of the submitted paper/abstracts are shown (see the **blue circle**). This is the same number mentioned in the first automatic mail you received acknowledging your abstract submission. **This number (3 digits) must be reported on the first page, upper right corner, of the full paper.**
- 4) Click on the “**Abstract/Full paper pdf**” label corresponding to the selected abstract (see **red circle** above). The following page will open, reporting the current pdf code (this is a complex code, including in sequence your author code and the paper code number, while the last digit refer to the last uploaded version: do not worry about it).

Please note that the Abstract/Full paper pdf status has been changed from **Accepted** to **Uploaded version required**. You can now upload the the new document.
